

Patchwork Prism

by **anna maria horner**
pillow sham variation

This pillow sham project follows all of the same style of piecing and instructions as the Patchwork Prism Quilt, but is only made from one size triangle and follows the above color map for layout. The finished sham is approximately 21" x 36". It employs the use of templates B and E, and begins with the following cut list:

Purple Center: Cut 6 B's

Magenta/Pink Ring: Cut 20 B's

Red/Orange Ring: Cut 30 B's

Yellow/Gold Ring: Cut 24 B's

Green/Turquoise Ring: Cut 20 B's and 4 E's (2 right side, 2 wrong side)

Blue Ring: Cut 4 B's and 8 E's (4 right side, 4 wrong side)

To finish, machine quilt as you would a regular patchwork quilt with batting and backing (the backing could be something inexpensive like muslin since it won't show). Then simply use the quilted piece at the front panel in the pillow assembly of your choice. You'll need up to 3/4 yard for the pillow sham back.
